

MULTI-AWARD WINNING

TRANSPORTABLE HOMES, OFFICES
& TINY HOMES ON WHEELS

We are an Australian family-owned and operated business, based in Caboolture (North Brisbane), QLD, Australia.

After witnessing first-hand the need for affordable and alternative living in Australia, we realised we didn't want to be part of the problem, but rather contribute to a solution. We began by renovating and building transportable granny flats, and offering them to aspiring Australian homeowners and property investors at affordable prices.

Our shared passion for design and out-of-the-box solutions drove us to create Teeny Tiny Homes: the ultimate solution to the Australian housing crisis. Our demountable buildings offer Australians the opportunity to own their own homes without breaking the bank.

WHAT MAKES TEENY TINY HOMES DIFFERENT?

- 10+ Years of Experience in Business
- 10-Year Structural Warranty
- 100% Australian Owned and Operated
- Galvanised Steel Skid Base
- Steel Frame Construction
- Australian Colourbond Steel Roofing & Exterior Wall Sheeting
- Manufactured to meet the Australian Building Code and Standards
- We use Dowell & Bradnams Windows and Sliding Doors
- Custom Designed & Personalised to meet your needs
- High Ceiling heights – 2400 mm to 2800 mm raked ceilings internally
- All Plumbing, Electrical & Waterproofing Works done by QBCC Certified Trade Contractors
- All Forms & Certificates provided for Council Approvals & Permits
- Affordable investment opportunities with an ROI of around 20% per annum

Teeny Tiny Homes can offer you an exceptional range of custom designed and built transportable buildings to meet your needs – whether you are looking for a new home for yourself, a granny flat for extra space or rental income, workers accommodation or an office/lunchroom space for your business, we have the know-how and can do to help you.

TRAILER BASE UPGRADE

Skip the council runaround by choosing our Trailer Base Upgrade - Available on any Teeny Tiny Home or portable deck.

Because your home is still built to full Class 1a dwelling standards, mounting it on a trailer means no need for stumping or council approvals right now.

Move in sooner, stress less, and when you're ready down the track (and the budget's ready too), you can simply remove the wheels and stump it permanently through council.

Freedom now - Foundations later!

HOW MUCH DOES IT COST TO ADD A TRAILER?

<u>TRAILER SIZE</u>	<u>PRICE</u>
6 X 3.4M	\$15,500
6 X 4M	\$16,250

THE GODFATHER OFFER

The Godfather Offer isn't just about selling you a home — it's about giving you the whole family setup for a fraction of the cost of building traditionally.

Buy any Teeny Tiny Home and bundle it with a matching deck and patio to double your space, and we'll take \$2,000 off the total price — no haggling, no fine print, just a deal you can't refuse.

HOW TO CREATE YOUR OWN GODFATHER BUNDLE

STEP 1: PICK YOUR HOME

Choose your preferred tiny home!

STEP 2: CHOOSE YOUR DECK

Pick a deck to sit and relax on!

STEP 3: TOP IT OFF WITH A PATIO

Pick a roof to go over your deck!

STEP 4: ADD IT ALL UP — THEN TAKE \$2,000 OFF!

No discount codes. No games.

Just real \$\$\$ saved from the Don himself.

PORTABLE DECKS ONLY

Save time and money by adding one of our skid-based decks to your order.

They come fully assembled with composite decking (choice of 4 decking colours) and are ready for installation next to your home.
